

**Descendants of
John Chapman
born about 1750 Virginia**

This is draft version of a work in progress. It is not complete and is expected to contain some error.

Probably 99% of this data was taken from Mildred Chapman Gibbs (Sep 15 1915-Nov 14 2000) "*FROM CULPEPER COUNTY TO THE TEAYS VALLEY, The Story of The John and Jane Donaho Chapman Family and Those Related by Marriage.*" Revised version 1978, Hartford WV. This CFA version does not contain most of the extensive narrative in her work nor does it yet have most of the descendants who were not named Chapman. We are working towards adding that as well as extending her work using the two or three censuses released since her last revision. Reference notes to Mrs. Gibbs page numbers are sometimes included here like "mcg 5" below.

CFA is indebted to Joann B. Burnside Townsend who did the computer input for CFA. Joann is a descendant.

The seventh generation was deleted to protect the privacy of most of the living.

1. **John Chapman #1** b. about 1750, Culpeper Co., VA, ref: mcg 5, m. 1770, in Virginia, **Jane Donaho #2**. John died after 1790, Cabell Co., VA.

"Now, as to the records found concerning John Chapman. We find a John Chapman in the Culpeper Classes. These are the Revolutionary War records for the year 1781 and consist of the names of 109 squads of thirteen to fourteen men each who were in the county militia and of whom one from each class was selected and drafted this year (1781), In class number 61, under Captain James Strother, is listed John Chapman as one of the fourteen men. This may not be our John Chapman, but I think that it was. The other John Chapman of Culpeper that I discovered left the county to come to the Middle New River region in 1770"

"In 1782 John Chapman appears on the tax list and is taxed on himself only. This means his sons were not yet adults and therefore not taxable."

"Other references I found in Culpeper records show that in 1782 he made purchases from the estate sale of one Ezekiel Hayes. In 1788 he was paid for smith work on a house, from the estate of William Johnston. This seems to indicate he made at least part of his living as a blacksmith." _ Mildred Chapman Gibbs

Nedra Repp, CFA 448, shows that he died after 1790 and is buried in Cabell Co. VA. She shows he was the son of Richard & Elizabeth Chapman of Devonshire, England. She cites "VA. Marriages Early to 1800, p. 181" for the marriage date of 1770.

Second Generation

2. **John Linwood Chapman** #3 (1.John¹) b. about 1772, Culpeper Co., VA, ref: mcg 8, m. Feb 14 1797, in Culpeper Co., VA, **Elizabeth Menefee** #9, b. Feb 14 1797, Culpeper Co., VA, (daughter of Henry Menefee #858 and Sarah Dollins #859). John died between 1852-60. The following was taken verbatim from Mildred Chapman Gibbs' "From Culpeper County To the Teays Valley" revised 1978.

"John L. Chapman. He was born between 1770 and 1775. Various ages are given on census records, and no death record was found, so it is difficult to name the exact year. On Feb. 14, 1797 he was married to Elizabeth Menefee. The minister was Charles Yates, the same minister who performed the wedding ceremony for both Henry and Cadwalader. Apparently this couple did not come west with the rest of the family. They were still in Culpeper in 1815 when they purchased land from Henry Menefee, which they sold in 1817. I am not sure when they joined the rest of the family. In the 1820 census for Cabell County there were three John Chapman's listed, John St., John Jr. and John Chapman. The first two were listed on the Giles County census for 1810, so they were recent additions to the county also. John at this time had three sons and six daughters. By the 1830 census, only two daughters were left at home. There is no way of telling who they were, but Milla Chapman married Andrew Conner in 1829, Ann Chapman married William Morris in 1821, and Nancy Chapman married Armistead Morris in 1828. Surely some of these must have been John's daughters! By the 1830 census and from then on he was using the initial L. Undoubtedly he had problems with the other John's in the area.

"In 1820 John bought from John Everitt for \$800 one hundred acres of land on Mud River. This land originally had belonged to John Morris. Later, in 1841, he and Elizabeth sold this land to C.S. Miller. Other surveys were made for John Chapman, but I am not sure that it was for John L.

"In 1823 he is listed as indebted to the estate of John Wilson, as were some of the other brothers. John Wilson lived about where the town of Milton now is located and owned a combination ordinary and store. When Joshua Morris died in 1824, John attended the sale and was one of the purchasers. In 1852, John L. Chapman sold 140 acres of land on Mud River.

"The 1850 census is the last one John L. is listed on as head of family. In 1860, Elizabeth was listed with her son, Henry M. Chapman. So apparently John L. had died sometime between 1852-1860."

The "Linwood" came from Nedra Repp.

Third Generation

9. **John Malery Chapman** #10 (2.John², 1.John¹) b. about 1802, Culpeper Co., VA, ref: mcg 8, m. 1836, **Ann** _____ #20, b. about 1810.

Mildred Gibbs shows him bom 1802 but the 1850 census lists his age as 46. Enumerated on September 25th and included in his family were Ann 26, Andrew J. 10, John W. 8, Mary J. 6, Jonithan 4, and Levi L. 1. Ann was unable to read and write, but Andrew J. and John W. were attending school.

He or his family were not found in 1860 and we cannot account for Susan or Ephraim therefrom.

Ann: Tom Chapman shows her as "Mrs. Chapman"

- Children:*
- 57. i **Cassy Ann Chafin** #863 b. 1837, ref: mcg 9, m. 1854, **John Reynolds** #864, ref: mcg 9. She was shown with "Chapman" name by Mildred Gibbs.

11. **German Calvary Chapman** #875 (2.John², 1.John¹) b. Aug 13 1817, Cabell Co., VA, m. Feb. 15 1838, in Cabell Co., VA/WV, **Catherine Hamrick** #876, b. Jul 12 1820, d. Apr 17 1883. German died Jul 5 1892, buried: Simmons Cem., Hancock Co. IN.

We have no proof or strong evidence that German was a child in this family. He was at the right place at the right time to fit (circumstances) but the 1820 census does not support the idea.

The following is from Virginia Small- written in 1995 & 1997 : "According to a record from an old family Bible, my maternal great grandfather (German or Jerm an) Calvary Chapman (B. 13 Aug. 1817 Cabell Co., W. Virginia married Catherine Hamrick (B. 12 July 1820) (am not sure she was from Cabell Co., but she was from the area, I'm told). They were married in Cabel Co., W. Virginia 15 February 1838 by David Harbour, Sr. according to a copy of their wedding license. I am quite certain that German Chapman was from Milton, W. Virginia area. I have been told that perhaps his father's name was John. There is a record from the book, "Chapman, Jolly, Rayburn" that there was a John Chapman who married a Molly in approximately 1808 with Children, Polly, Phebe, Martha, Cynthia, Tazewell and Minta. These records were taken from "All Births in Virginia 8-6-1850

In 1845 German and Catherine left Cabell Co., W. Va. via the Ohio River to Cincinnati and then to Cleveland, Indiana (near Greenfield, Indiana) where they both lived until their deaths. German died 5-July 1892 and Catherine died 12 April 1883."

At another time she elaborates saying that Cleveland IN was in Jackson Twp, Hancock County "where they purchased a farm and remained until death; buried in Simmons Cemetery, Jackson Twp where six of their 14

children preceded them.

She lists the children which will not be repeated here. She does make the note after the list: "Please note similarity of some of children's names to those of John and Molly above."

She goes on to write: "My grandfather was Amos Eli (?) Chapman, and his daughter, Mary Opal Chapman was my mother. (b. 16 Feb 1899; d. 2 Oct. 1980).

"I have made several trips to Milton and Huntington, W.Va. but have not been able to connect German Chapman to anyone. However, a "Jerman" was in one of the Chapman families. There are many, many Chapmans. If I could find a will it would help. My mother said her grandfather, German, supposedly inherited land around Mud Creek, in Milton, W. Va., but I have not been able to locate it."
