(2) Oct 26 1677, **Elizabeth Palmer**. William died Dec 18 1699, New London, CT,¹⁷ buried: Cedar Grove Cemetery.¹⁸ It is not known from whence William came. He appears first on the New London records, in 1657. At a town meeting, Aug 25,1691, it was "voated that whereas William Chapman had formerly allowed him by the town three pounds for his sexton's place by the year, they now add forty shillings more and order him five pounds per year for sweeping the meeting house and gallerys and ringing the bell".

The comments above are a part of the introductory comments included in Rev. F. W. Chapman's 1854 account of the family. He did not provide the names of any prospective parents or wives. Sources for that information need to be reviewed and documented. The "LDS" sources cited were added by John M. Chapman in one of his efforts to expand this data. While these may be valid we know the LDS-IGI does contain much error so we need to search out the IGI source record to validate it.

⁶ Hannah is the name of Jeremiah's wife given by Rev. F. W. Chapman. The surname Post was added by John Chapman- probably from the LDS-IGI.

⁸ John Henderson.

⁹ His death date has also been reported as 1755. Descendants (Deans) have the 1766 date.

¹³ John Henderson Compilation showed Abigail as "Coit" but descendants (Deans) show her as "Braddick."

¹⁴ LDS 0442438 FILM. His birthdate, at best, is an estimate. Some have used 1638 but 1633 or before seems more appropriate for a child born in 1653 which seems to be a reliable date for son John. Beth Smith shows abt 1627.

¹⁷ His will was dated April 1, 1669 and the estate was appraised Jan 2, 1670. The date of his death was provided by Rev. F. W. Chapman in the original compilation.

¹⁸ JOH John Henderson.

The names of all the children were found in the will and the years of birth were provided in the original account unless shown as estimated (est) or otherwise noted.

New London, Connecticut is/was a city, township and county. It was established as one of the original counties of Connecticut in 1666. Keep in mind that most public records were maintained by the town, which was the township rather than the city or the county. Few sources have made it clear which "New London" they referred to so all of our New London records just show "New London, Connecticut." Investigate further at the probable source if it is important.

321. **Sarah Lidia** b. Est __ 1641, New London, CT,¹⁹ d. ____ __ 1676. Rev. F. W. Chapman did not offer a name for William's wife(s). Those who listed Sarah were John Chapman, M. D. Chapman Morgan, and Ray Chapman. John Chapman apparently got her surname from the LDS-IGI. John Henderson shows the wife to be Rebecca and cites record of her death in 1676.
